PICE CIRCULAR NO. 2020-18

For : **REGIONAL COORDINATORS
CHAPTER PRESIDENTS
PRESIDENTS OF THE AFFILIATE SOCIETIES
PICE MEMBERS**

Subject : **2020 PICE VIRTUAL NATIONAL CONVENTION AND
TECHNICAL CONFERENCE**

Greetings from the National Board of Directors!

Construction and engineering projects around the world are being impacted by the COVID-19 pandemic in numerous ways. Many of us in the infrastructure and construction sector are grappling with the challenge of bouncing back from the pandemic with the continued goal of safe work practices to flatten the curve of new COVID-19 cases. Nevertheless, this pandemic is not, at this stage, rendering projects altogether impossible to complete as we, civil engineers, always find way to surpass the challenges we encounter.

PICE will never stop serving its members particularly in addressing the challenge in keeping them abreast with the latest technologies related to the civil engineering profession in order to better serve the community/countrymen, and the need to earn continuing professional development units pursuant to R.A. 10912. Thus, the National Board of Directors through its concerned Committees and the National Secretariat are now in full gear of preparation for the **2020 PICE Virtual National Convention and Technical Conference** on **20-21 November 2020** on the theme **PICE Focus 2020: Understanding the Past, Engineering the Future "Moving Forward to the Challenges of the New Normal"**. There will be no registration fee to be collected from the participants. Details on the registration procedure and technical program will be released soon.

The Board has maintained the practice of the organization relative to the convention benefit sharing scheme where our chapters are able to realize some financial shares out of their efforts in inviting their respective local company partners in the profession to become sponsors/donors/advertisers of the event. Chapters will be given 25% share on all the paid sponsors/donors/advertisers which will be released after the convention audit. Thus, all Chapters are encouraged to once again take this opportunity to invite more sponsors/donors/advertisers. Copy of the sponsorship packages and advertisement contract are enclosed to this circular for your ready reference.

We need your full support and assistance to make our virtual convention truly a successful endeavour of the National Board of Directors and all its chapters and members, and to enable PICE to continue the implementation of our various programs and projects for our members and the society especially during this time of pandemic.

Thank you and we look forward to your positive response.
